Proportion of female members of prefectural disaster councils	13.2% (2015)	15.7% (2018)	30% (2020)

### 4 Implementation of the plan

Item	As of Dec.2015	Latest values	Goal
Proportion of municipalities with established plans for gender equality	City: 97.0% Town & Village: 52.6% (2015)	City: 97.2% Town & Village: 58.7% (2018)	City: 100% Town & Village: 70% (2020)

\*"Plan to rear children with peace of mind" released in June 2017, renewed the target date to "end of FY 2020 at the latest".

# *The Intensive Policy to Accelerate the Empowerment of Women 2019*

## Fundamental Approach

- Considering factors such as longer healthy lifespans and women's desire to work, it is vital for women to participate actively in society throughout their lives.
- Issues including difficulties faced by women and violence against women have not yet been resolved
- Efforts tailored to local circumstances play an important role in empowering women.

- Aim for **social structures enabling diverse choices in an era of 100-year lifespans.**
- Engage in head-on efforts to **resolve difficulties and enable safe and secure lives to support the empowerment of women.**
- Promote women's active participation across all sectors as a **powerful lever for productivity improvement, economic growth, and regional revitalization.**

# ***Section 2***

## ***Progress and Achievements, and Related Statistics***

# Women's Empowerment is critical to ABENOMICS

## Necessity of Women's Empowerment

### Active Participation of Women

- Increasing workforce population
- Talented human resources
- New products/services

### Economic Growth

## Impact of raising Women's Labour Participation Rate

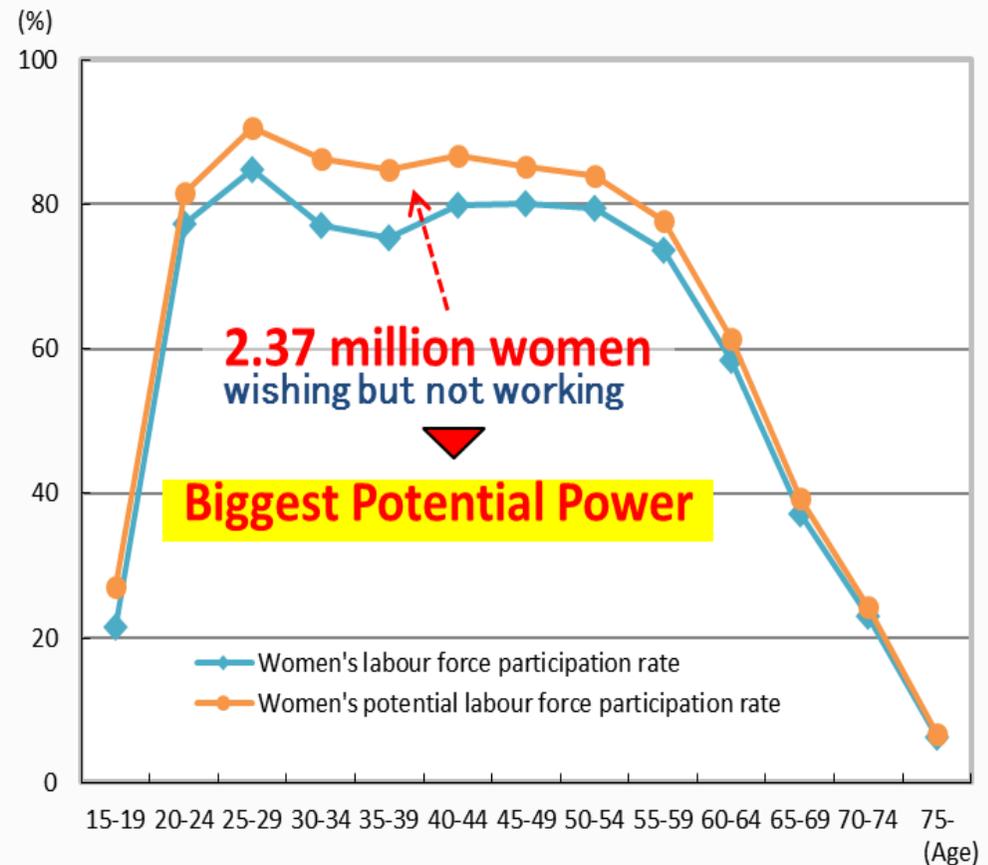

*Goldman Sachs, April 2014*

Boosting **Japanese GDP** by as much as **13%**, if closing the gap between male and female.

*McKinsey Global Institute, September 2015*

**\$12 trillion** could be added to global GDP by 2025 by advancing women's equality.

## Women potential labour force participation rate by age group

# Progress of Women's Empowerment (1)

Since the second Abe Cabinet, activities for women's participation have rapidly expanded, gathering momentum, promoting collaboration and resonating both domestically and overseas.

## Japan's efforts

- Accelerated the **establishment of childcare facilities** and expanded afterschool club. (2013-)
- **"The Intensive Policy to Accelerate the Empowerment of Women"** has been annually formulated. (2015- )
- **"The Act on Promotion of Female Participation and Career Advancement in the Workplace"** fully entered into force. (April 2016)
- **"The Promotion of Women's Empowerment"** was set in the agenda in the **Ise-Shima Summit** and all relevant ministerial meetings. (May 2016)
- **World Assembly for Women (WAW!)** was held five times in Tokyo. (September 2014-)
- Partial revision of **"Penal Code"** to upgrade provisions of the punishment for sexual crime. (June 2017)
- **"Act on Promotion of Gender Equality in the Political Field"** was established. (May 2018)
- Partial revision of **"the Act on the Prevention of Spousal Violence and the Protection of Victims, etc."** to enhance cooperation with support for child abuse. (June 2019)
- Partial revision of **"the Act on Promotion of Female Participation and Career Advancement in the Workplace"** (promulgated in June 2019)

## Progress of Women's Empowerment (2)

Since the second Abe Cabinet, activities for women's participation have rapidly expanded, gathering momentum, promoting collaboration and resonating both domestically and overseas.

### Results Achieved

- The number of women workers increased **2.88 million** in six years (2012-2018).
- Employment rate of women in child raising (aged 25 to 44) increased. [67.7% (2012) ⇒ **76.5%** (2018) ]
- Rate of women who continue working after their first child birth increased. [40.4% (2005~2009) ⇒ **53.1%** (2010~2014) ]
- Women board members of listed companies has increased 3.4 times. [630 (Jul. 2012)] ⇒ **2,124** (Jul. 2019)]
- Proportion of women in managerial positions increased (private companies with over 100 employees) . [6.9% (2012) ⇒ **9.9%** (Jun. 2018) ]
- **“Male Leaders who will Create a Society in which Women Shine”** announced “the Declaration on Action.” (Jun. 2014) Advocates also increased. [9 (Jun. 2014) ⇒ 206 (Dec. 2018)]
- **Action plans for business owners** based on “the Act on the Promotion of Female Participation and Career Advancement in the Workplace” was formulated.

# Increase of Women of Managers in Private Corporations

The government promotes private corporations' various efforts to promote women employees to senior position toward achieving the target of increasing the share of women managerial level to approximate 15% by 2020.

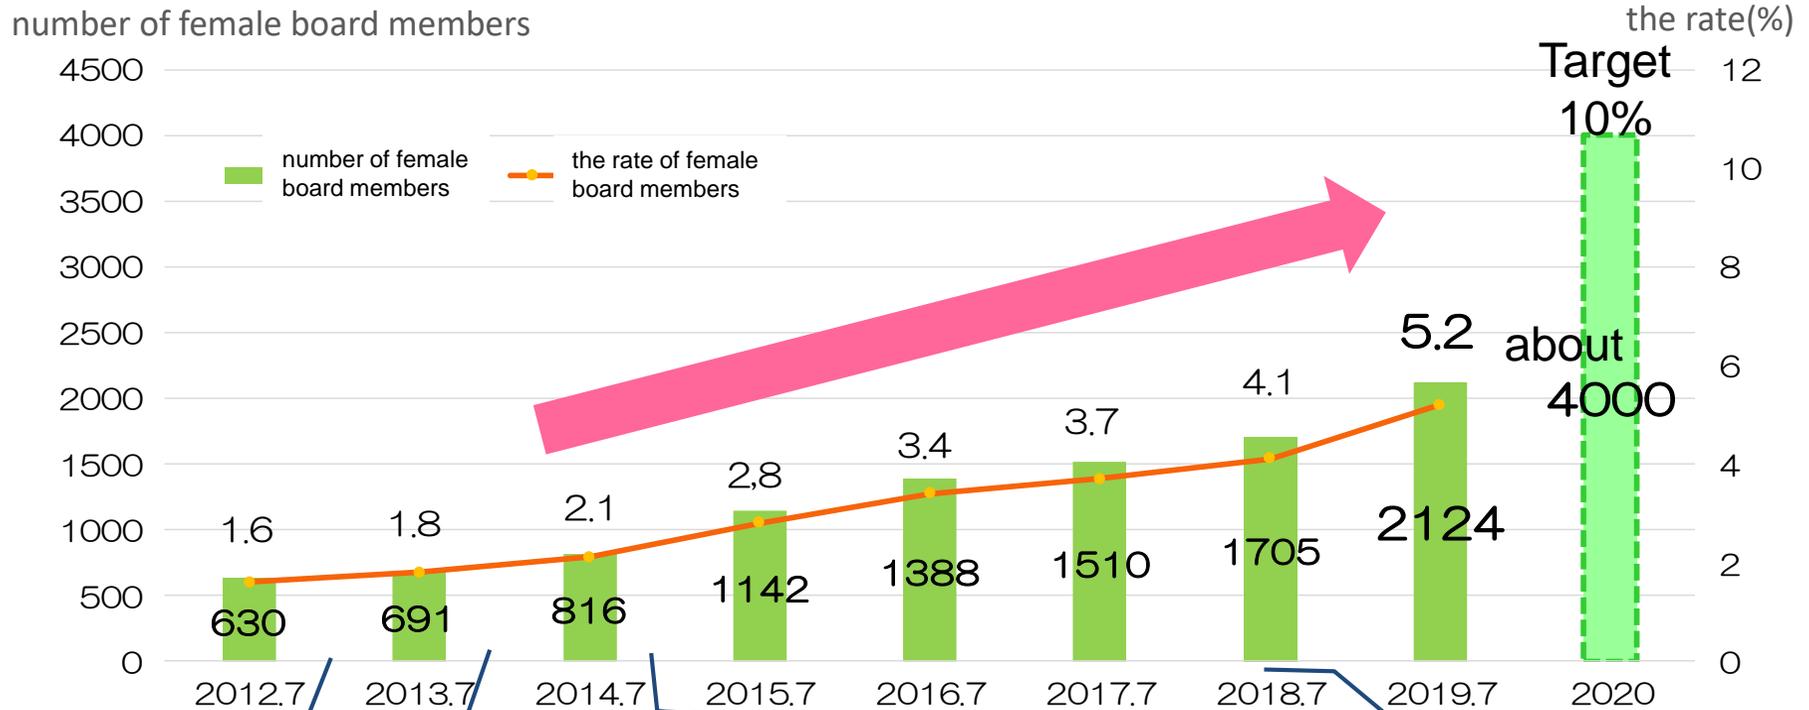

Source: "Basic Survey on Wage Structure" the Ministry of Health, Labour and Welfare

Note: All data is based on values from corporations with 100 or more employees.

# Increase of Female Board Members in Listed Companies

- The Government has set a target to increase the proportion of female board members of listed companies to 10% by 2020.
- Female board members of listed companies have increased 3.4 times in the last seven years.

## Prime Minister Abe demanded the Three Economic Associations' achievements

- Promotion of disclosing the information regarding the appointment of women.
- Appointment of at least one female as a board member.
- Setting targets for appointment of women and developing an action plan for attaining the targets voluntarily by each company. Etc.

**Compulsory recording the ratio of female board member in financial statement.**

**Securing diversity including the gender and international nature of the Board of Directors was included as an important factor in Revised Corporate Governance Code.**

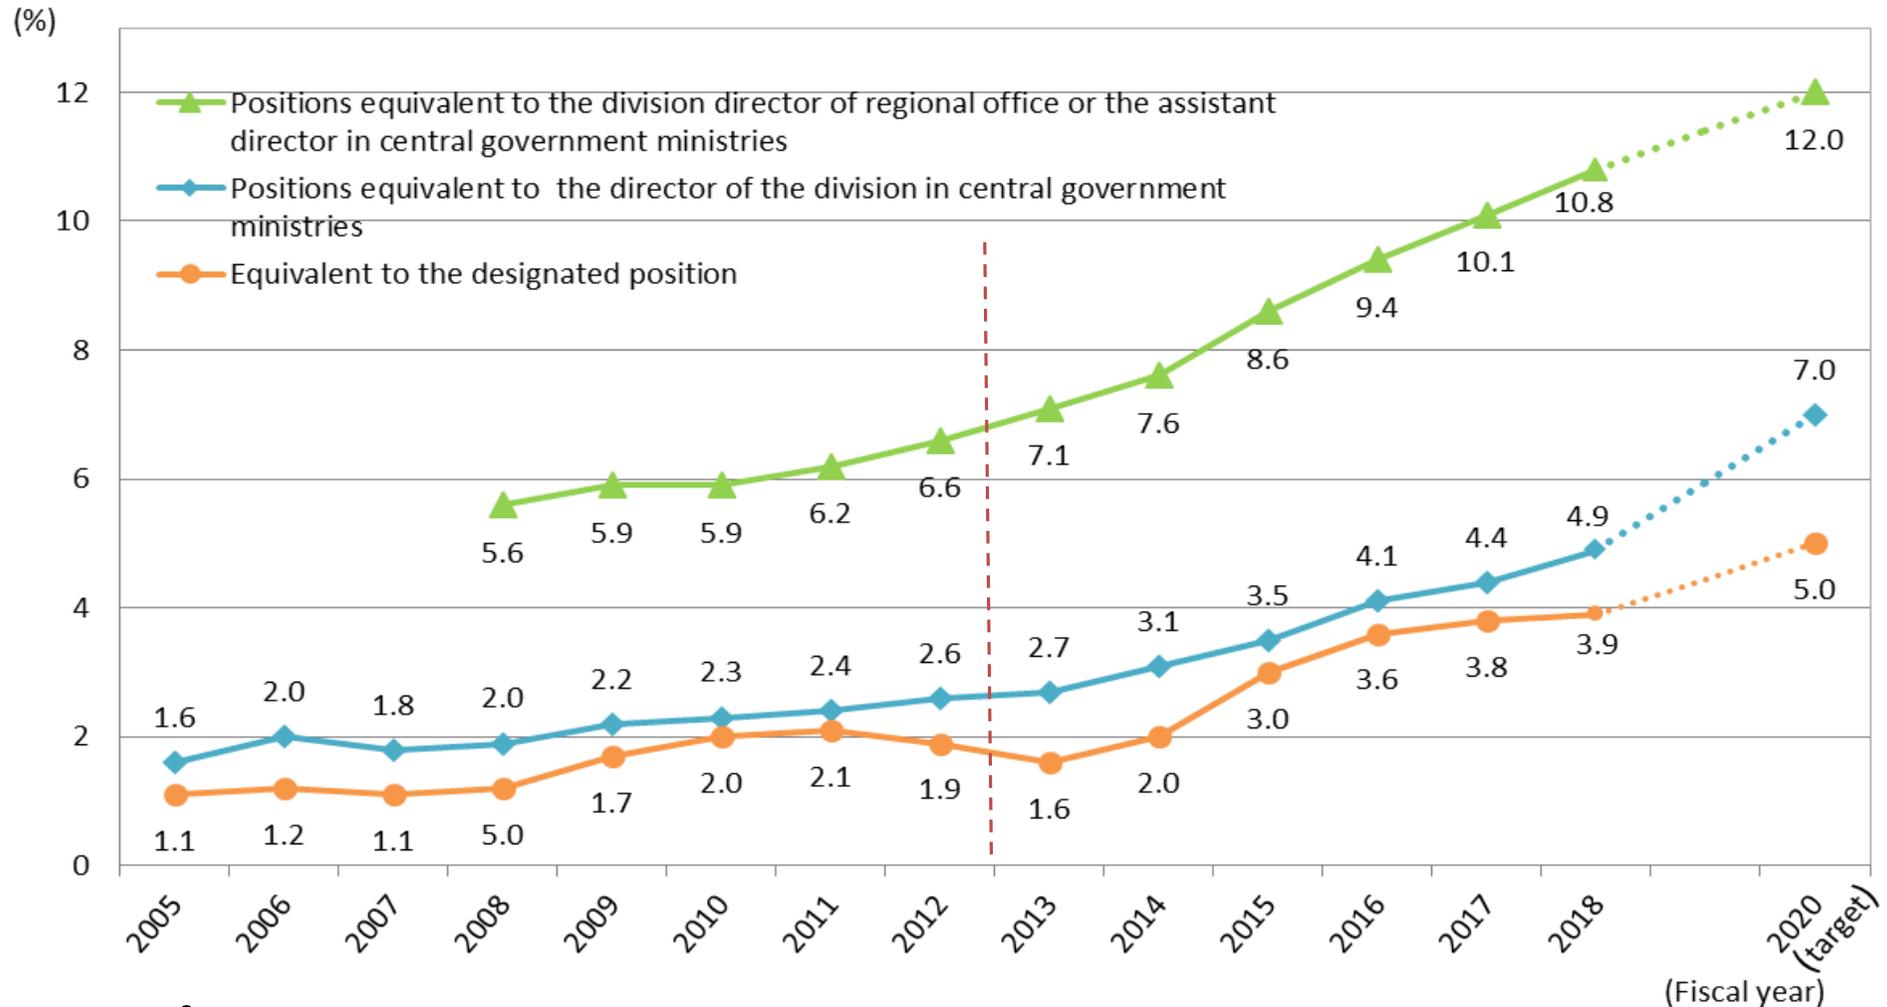

Source: Toyo Keizai "YAKUIN SHIKIHO"

(Note) Data: as of 31<sup>st</sup> July each year. Surveyed all listed companies including the JASDAQ listed companies.

"Board" means directors, auditors, representative executive officer and executive officers of the company with nomination committee, etc.

# Proportion of Women National Public Employees in Managerial Positions

The proportion of women national public employees in managerial positions, such as positions equivalent to directors of the central government ministries, has been gradually increasing lately.

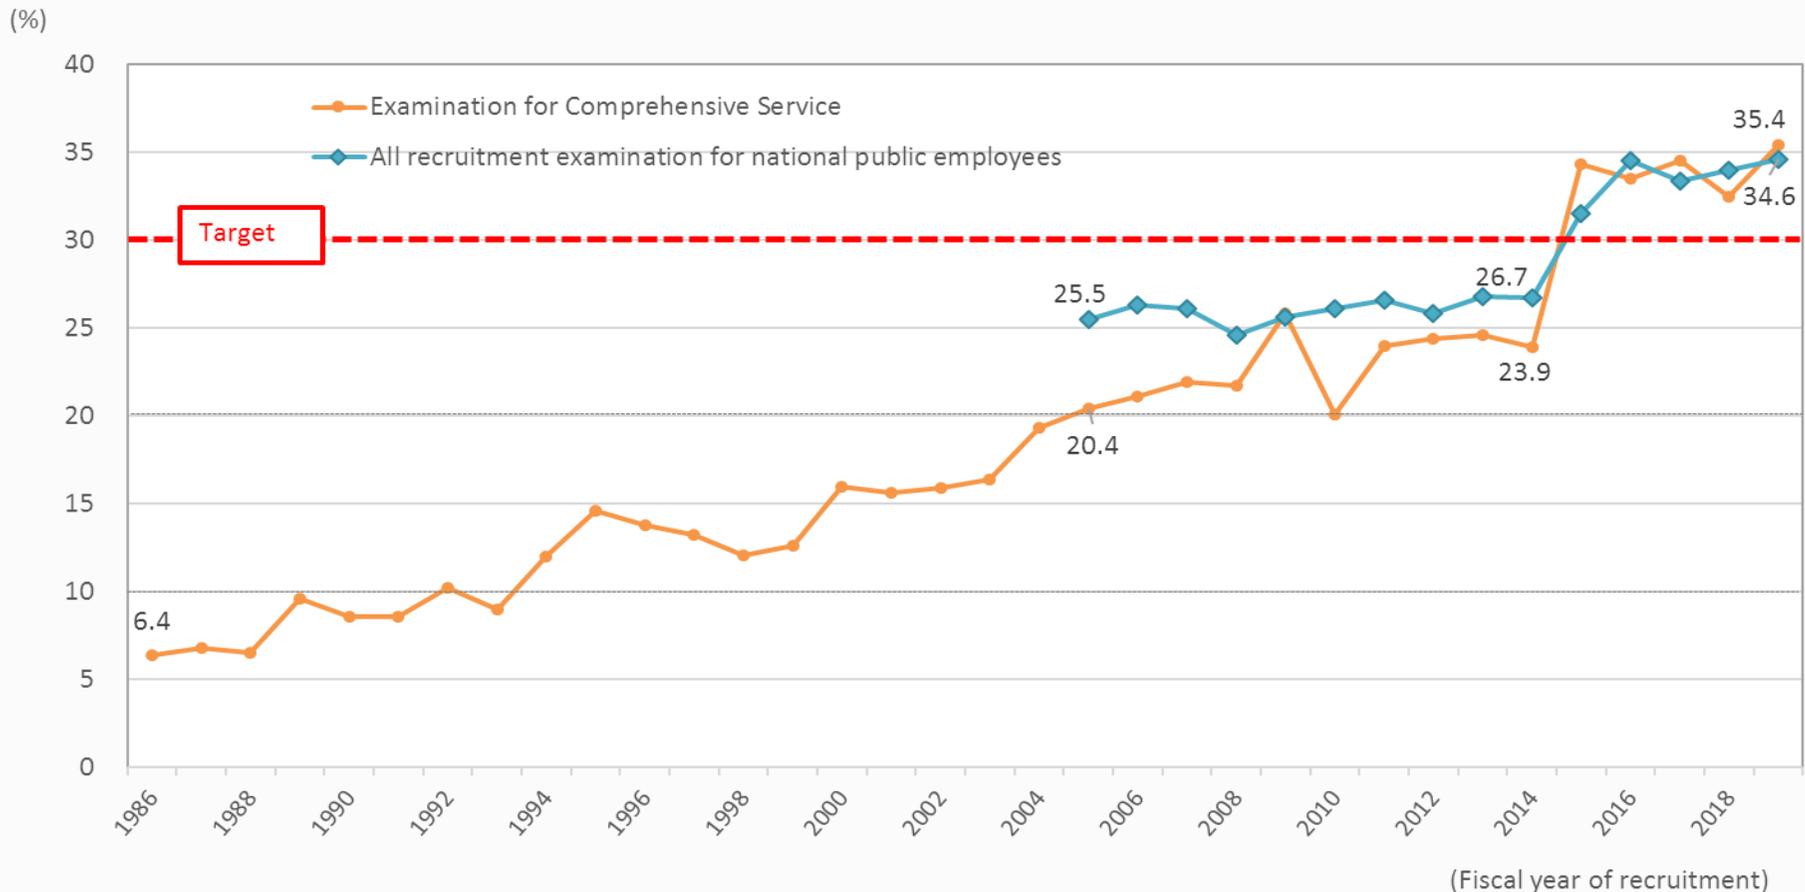

Source:

Created from "Follow-up on the state of promoting female national public employee and acquisition of child care leave of national public employee," October 2018

# Proportion of Women National Public Employees through Recruitment Examinations

The proportion of women national public employees through recruitment examinations has been reached 30% or more and achieved the target in the Fourth Basic Plan for gender equality.

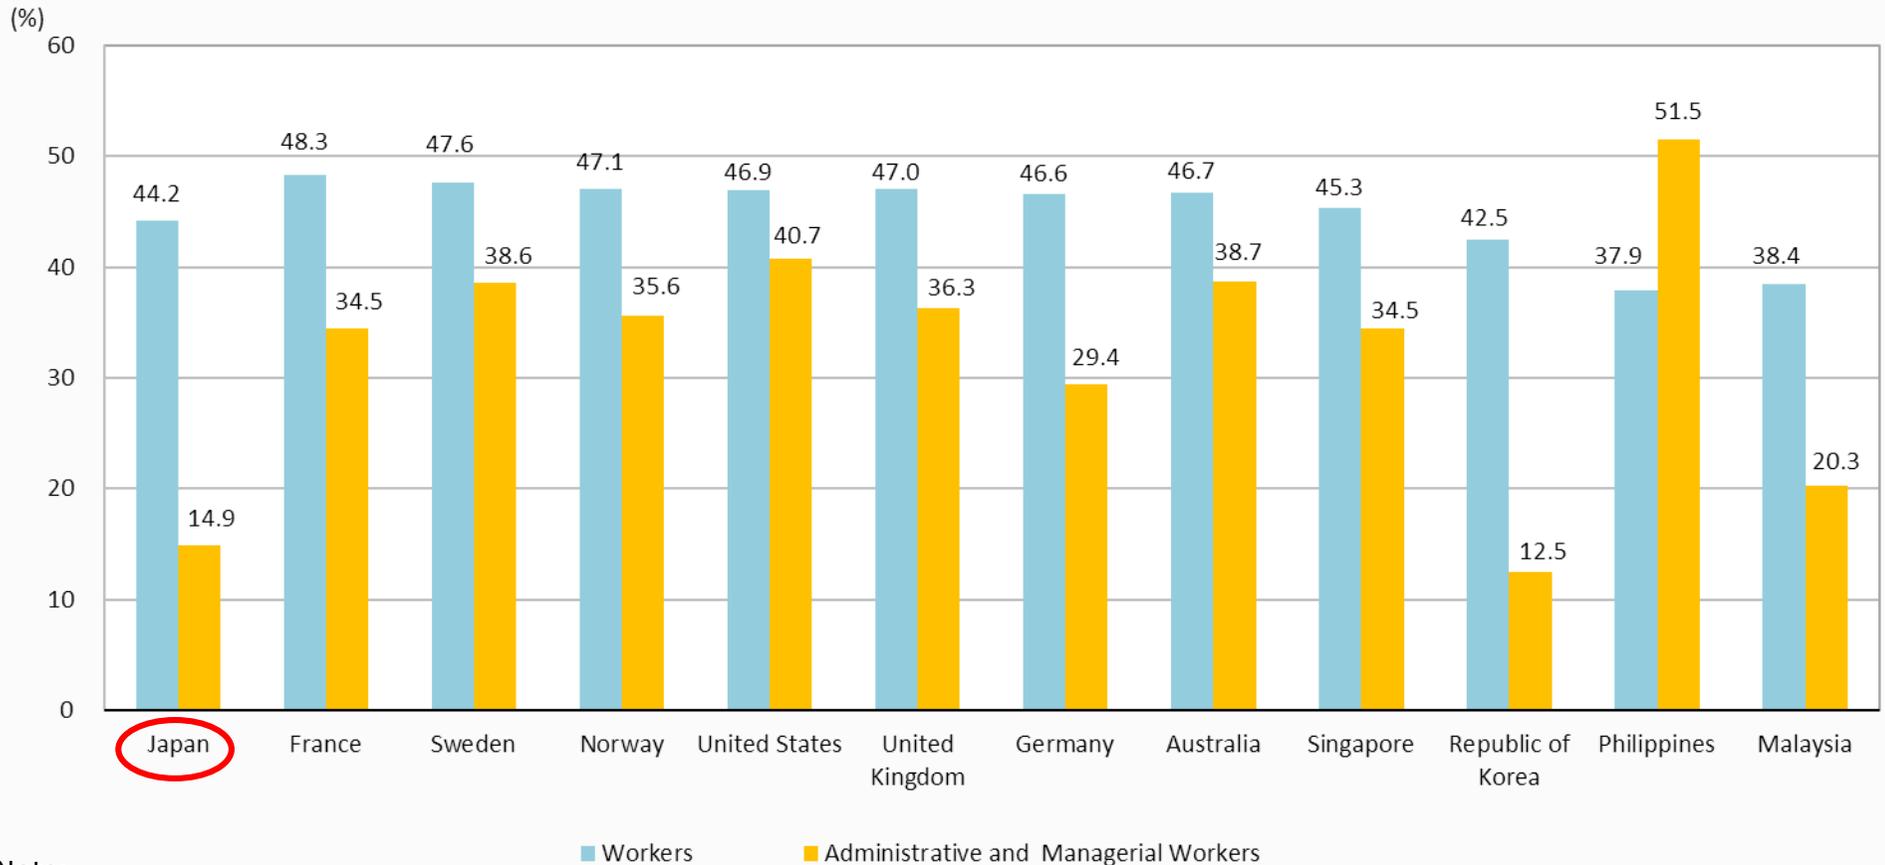

Source:

Created from "Follow-up on the state of promoting female national public employee and acquisition of child care leave of national public employee," October 2018

# Proportion of Women Workers and Women Administrative/ Managerial Workers

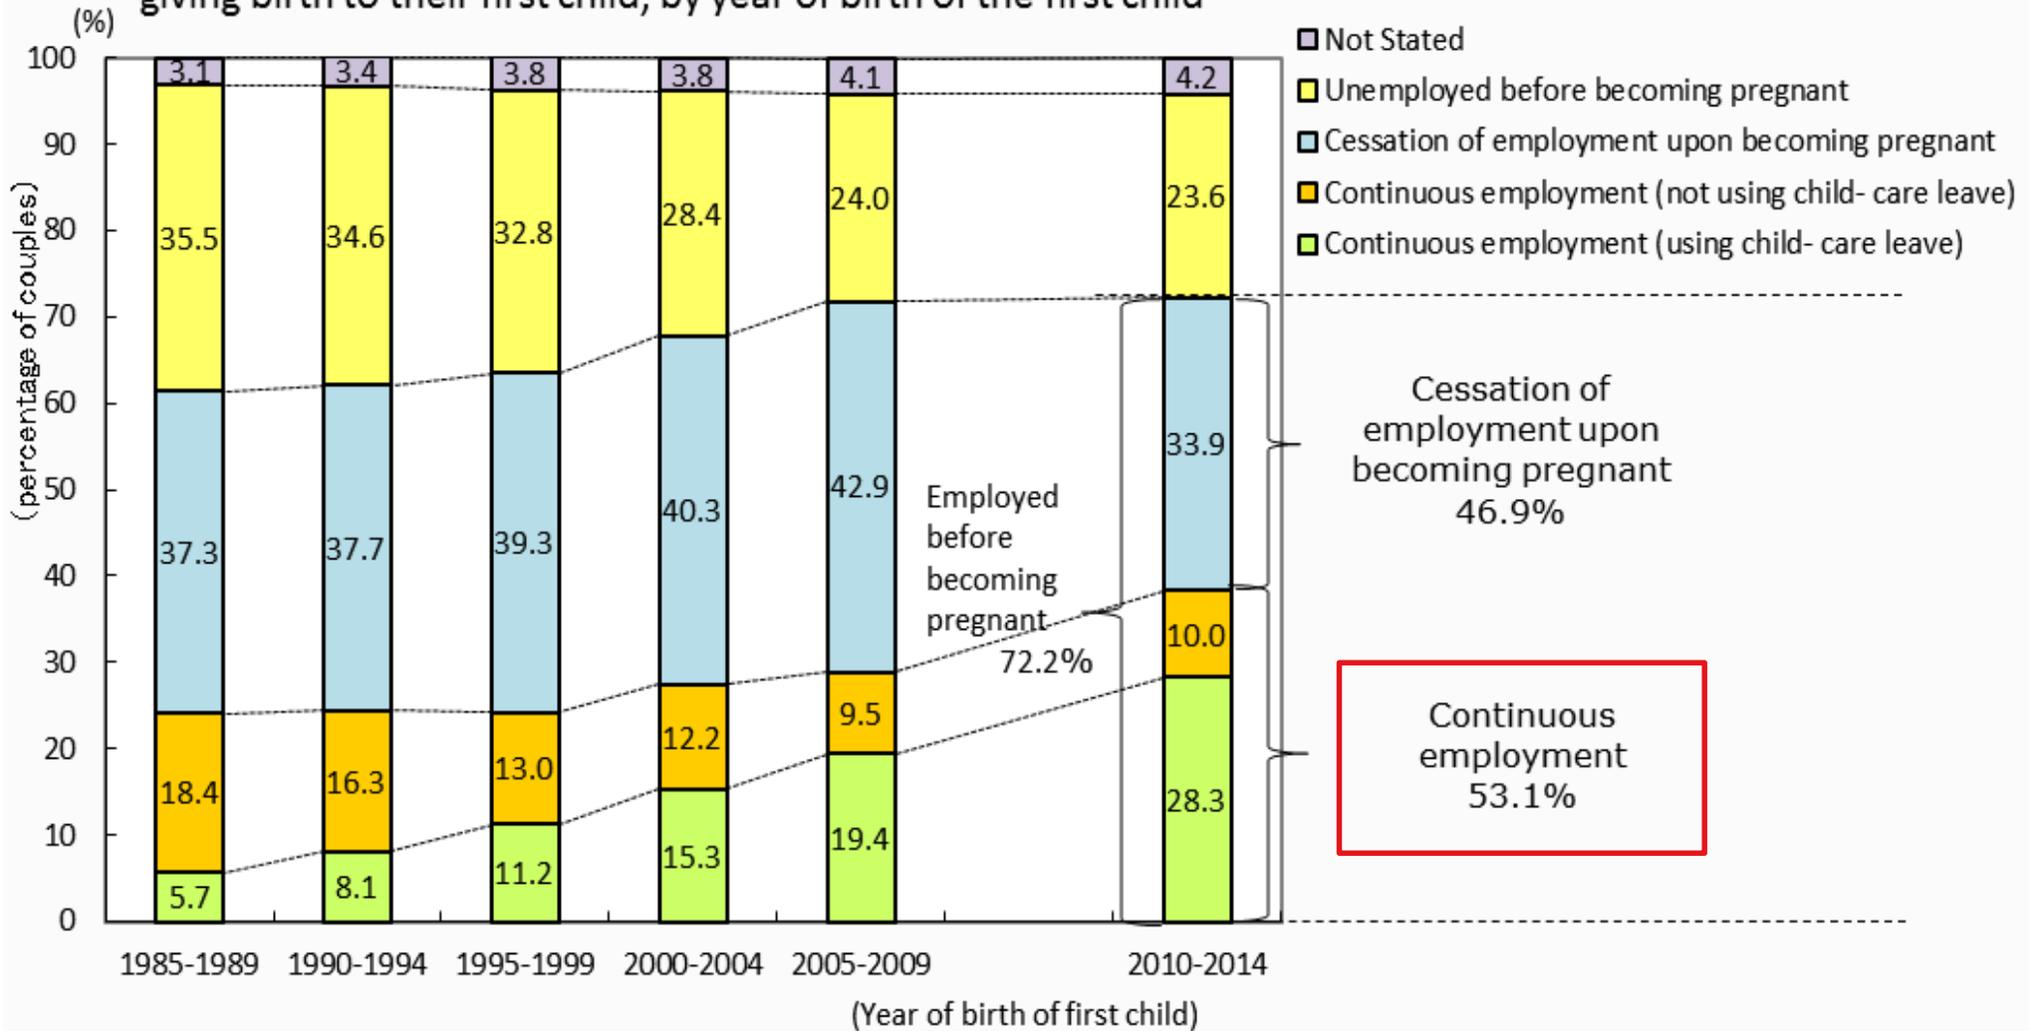

The proportion of women administrative and managerial workers in Japan is lower than other countries.

- Note:
1. Created from “Labour Force Survey (Basic Tabulation), 2018” by the Ministry of Internal Affairs and Communications and “ILO STAT.”
  2. Data of Japan, France, Sweden, Norway, United States, United Kingdom, Germany is as of 2018, Data of Australia, Singapore, Republic of Korea, Philippines is as of 2017 .Malaysia is as of 2016.
  3. Definition of administrative and managerial workers varies across countries.

# Work History of Wives before and after Giving Birth to Their First Child

Change in employment situation of wives before and after giving birth to their first child, by year of birth of the first child

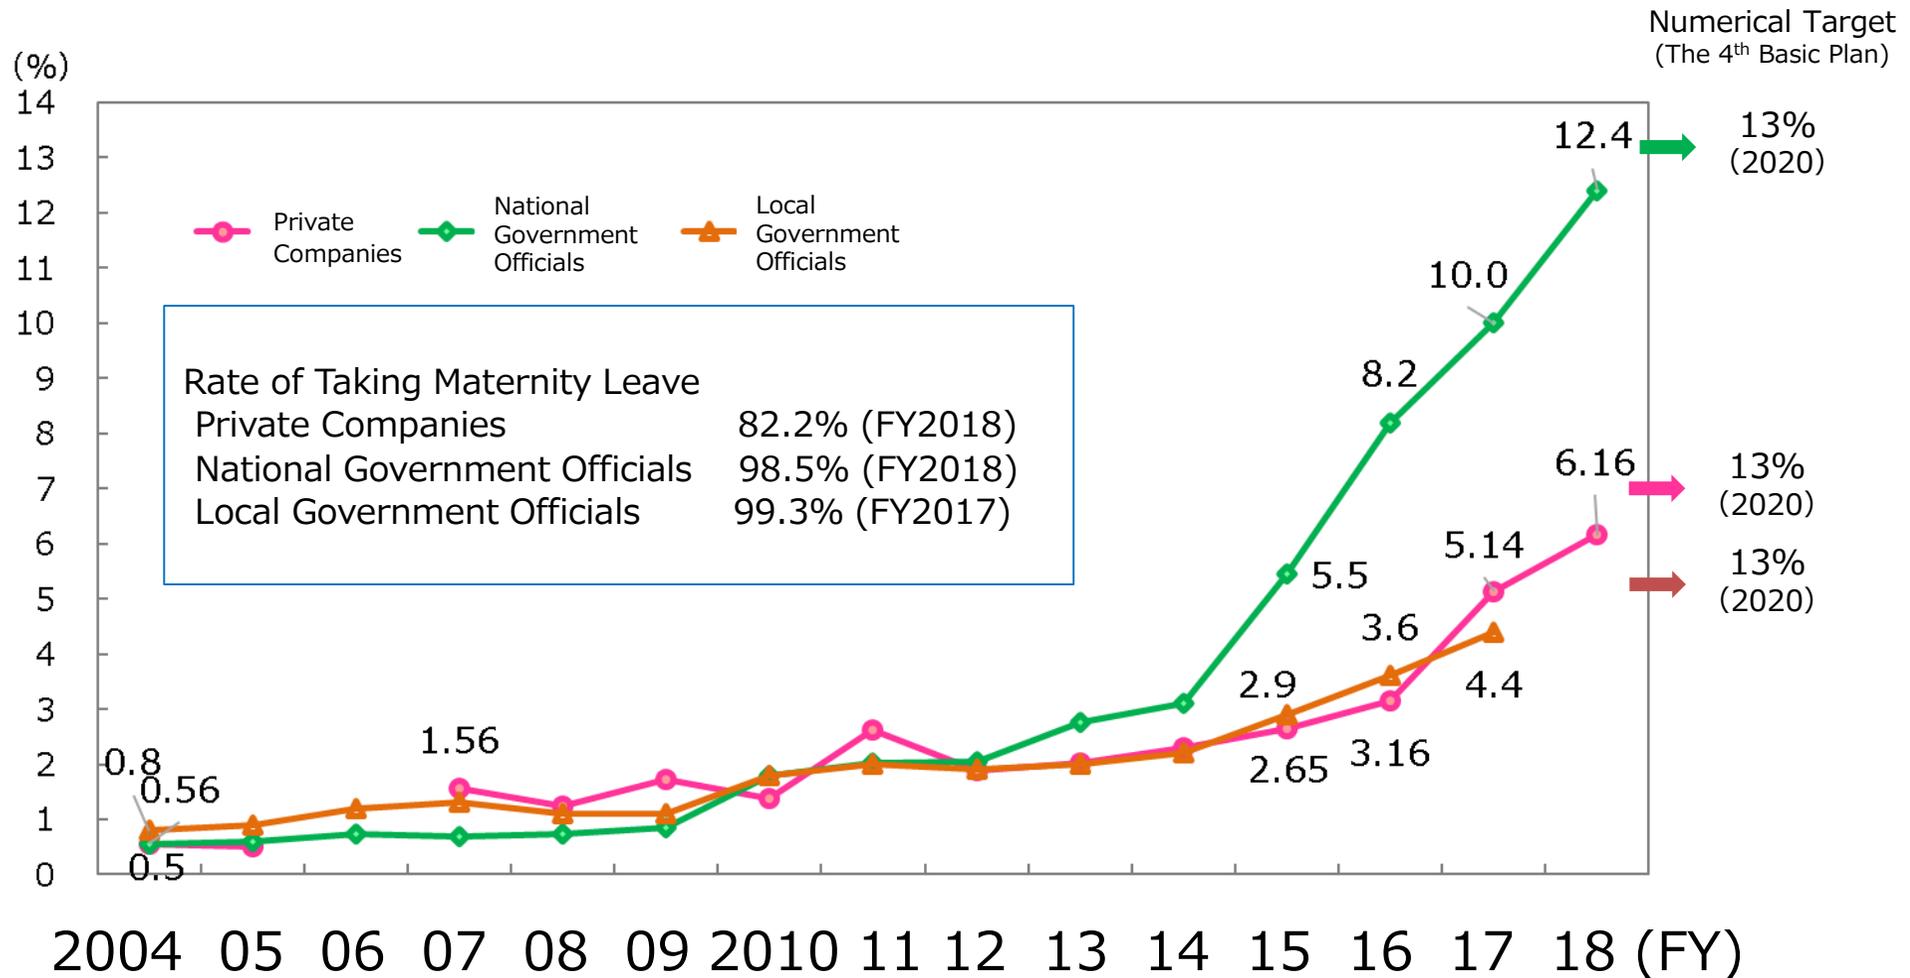

Source:

Data from the "The 15th National Fertility Survey (Survey of Married Couples)," the National Institute of Population and Social Security Research

# Rate of Taking Paternity Leave

The rate of taking paternity leave remained 6.16%, though the rate of taking maternity leave is 82.2% in private companies (FY2018).

# ***Section 3***

## ***Examples of Measures***

# The Act on Promotion of Female Participation and Career Advancement in the Workplace

## 1. Purpose

Valid for 10 years (to Mar. 31, 2026)

To promote female advancement in the workplace and make our society rich and vibrant

## 2. Overview

○ Employers (private business owners and national government and local governments) are to:

- 1) Grasp conditions related to female participation and advancement in the workplace (required items specified in ministerial ordinance) and analyze issues;
- 2) **Establish and disclose a plan of action for employers** based on the conditions grasped and issues analyzed;  
[Items required in the plan of action for employers (specified in the law)]  
•Goals (to be set numerically) •Initiatives •Implementation period for initiatives •Plan period
- 3) **Disclose information related to women's participation and advancement** in order to contribute to career opportunities for women  
\*Private business owners employing 100 or fewer regularly workers are obligated to make efforts

○ The national government conducts measures such as **certifying general employers who are recognized as having favorable conditions ("Eruboshi" certification)** and **increasing opportunities for public procurement contracts**, etc. for such employers. Local governments conduct measures such as increasing contract opportunities, etc. in line with national government policy (obligated to make efforts).

○ Local governments establish and disclose a promotion plan (plan related to promotion of female participation and career advancement in their areas of jurisdiction) (obligated to make efforts).

## 3. Progress Status of Measures

1. Development rates of prefectural promotion plans: 100% (as of the end of June 2019)
2. Development rates of the plan of action for employer : National, prefectural and municipal governments 100%, Private business owners employing more than 300 regular workers 98.6% (as of the end of Sep 2019)
3. Eruboshi certification acquisition: 920 companies (Level 3: 590 companies, Level 2: 324 companies, Level 1: 6 companies, as of the end of Sep 2019)
4. In the evaluation for public procurement (Comprehensive Evaluation Bidding Method, etc.), additional points are given to companies promoting work-life balance (such as Eruboshi certified companies)  
Status of Initiatives of government (as of 2017) : About 940 billion yen , and about 8800 Contracts

# Male leaders who will create 'A Society in which Women Shine'

In June 2014, male leaders who have already been involved in promoting an active role of women announced **“the Declaration on Action”**.

In the declaration, members stated that they commit themselves to empowering women.

- Taking actions and sending messages themselves
- Disrupting the status quo
- Developing networking

In the general meeting, male leaders exchanged their views and opinions, and shared good practices on women's empowerment.

# Overview of Act on Promotion of Gender Equality in the Political Field (Act No. 28 of May 23, 2018)

## 1 Purpose

To effectively and positively promote gender equality in the political field, and thereby to contribute to the development of democratic politics in which both men and women jointly participate.

## 2 Fundamental Principles

1. To be undertaken with the aim of making the number of male and female candidates be as even as possible in elections of the members of House of Representatives, the House of Councillors, and the assemblies of local governments while securing the freedom of political activities by political parties, etc.
2. To ensure men and women are able to fully display their individuality and abilities.
3. To make it possible to realize the smooth and continuous balance of political activity and family lives.

Following from these fundamental principles

## 3 Responsibilities

### Responsibilities of State and Local Governments

Endeavor to formulate and implement necessary policies while securing the freedom of political activities by political parties, etc., and the fairness of elections.

### Efforts of Political Parties and Other Political Organizations

Endeavor to voluntarily work on the promotion, including setting targets for the number of male and female candidates for public office affiliated with that political party, etc.

## 4 Basic Policies

Research on the actual situation and collection of information, etc., Enlightenment activities, Development of environment, Development of human resources, etc.

## 5 Legislative Measures, etc.

Based on the results of the research on the actual situation and collection of information, etc., the State, when deeming it necessary, is to take the legislative or financial and other measures necessary for the promotion of gender equality in the political field.

# Expansion of Women's Participation in Political Areas

House of Representatives 10.1% <sup>1)</sup> House of Councillors 22.9% <sup>2)</sup>

1) July 11, 2019  
2) July 30, 2019

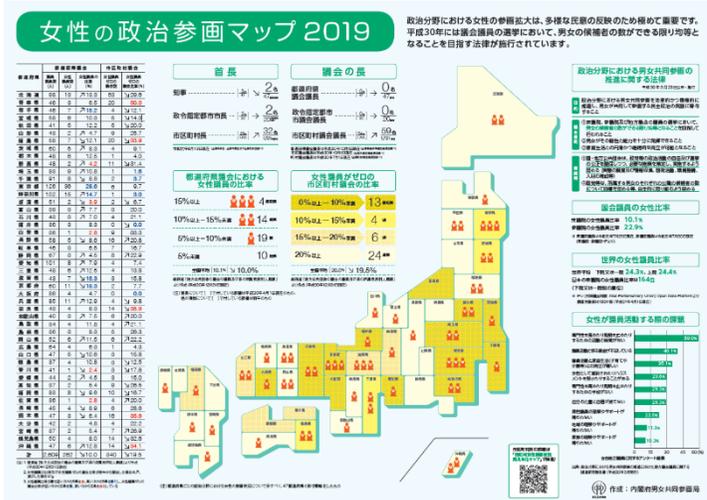

## [Government's Initiatives]

### Encouragement to political parties

The Minister of State (for Gender Equality) has encouraged political parties 7 times in total to promote effective positive actions in political areas based on the Third and Fourth Basic Plans for Gender Equality.

Encouragement by the Minister, HASHIMOTO Seiko. (December 2019)

### Creation of “Women’s Political Participation Map”

Created “Women’s Political Participation Map”, which visualizes women’s participation in politics (as governors, mayors, chiefs and members of prefectural and municipal assemblies) on a map by prefecture to promote women’s political participation in Japan.

Women’s Political Participation Map 2019

# Elimination of Violence Against Women

**Violence against women** is a serious violation of human rights. Promoting initiatives for its prevention and redress to eradicate violence is a very important issue in creating a gender-equal society.

## Current Measures

- **Promote countermeasures for spousal violence and support for victims based on the Act on the Prevention of Spousal Violence and the Protection of Victims, etc. which is amended in June, 2019**
  - \* Enhanced measures to prevent child abuse and protect victims of spousal violence and cooperation to protect victims.
  - \* Establish comprehensive supporting system for victims including correction and rehabilitative program for perpetrators.
  
- **Promote countermeasures for sex crime and sexual violence, and eliminate sexual violence against young women**
  - \* Stabilize operation and improve quality of one-stop centers.
  - \* Promote measures based on “Actions for proceeding measures on the Issues of so-called Forced Appearances in pornographic materials and ‘JK Business (kind of sexual exploitation of high-school girls)’ ”. (formulated on May 19, 2017)
  
- **Promote measures for elimination of sexual harassment**
  - Promote measures based on “Strengthening Sexual Harassment Measures: Emergency Measures Based on a Case Occurring between the Media and Government”. (decided on June 12, 2018)
  
- **Promote support for women who face multiple difficulties**
  - \* Formulated Policy package by “ Liaison meeting of relevant ministries regarding support for women who face multiple difficulties”.
  
- **Create a foundation for preventing and eradicating violence against women**
  - “Campaign to Eliminate Violence Against Women”. (November 12–25, every year)

**6th WAW! (World Assembly for Women) will be held in April 3-4, 2020, in Tokyo.**

In March 2019, Japan held the 5<sup>th</sup> World Assembly for Women(WAW!). The 6<sup>th</sup> WAW! will be held in April 3-4, 2020, in Tokyo under the overarching theme “WAW! with Men” to discuss on various issues related women.

**WAW! Tokyo 2014** September 12 to 14, 2014

**WAW! 2015** August 28 to 29, 2015

**WAW! 2016** December 13 and 14, 2016

**WAW! 2017** November 1,2 and 3, 2017

**5<sup>th</sup> WAW!** March 23 to 24, 2019
