| Target Items   | Target Figures (Deadline)  | Figures as of Planning   | Updated Figures  |
|--|--|--|--|
| Implementation of the plan   |  |  |  |
| Proportion of municipalities with established plans for gender equality  | Cities and Wards: 100%<br>Towns and villages: 70%<br>(2020)                      | Cities and Wards: 97.0%<br>Towns and villages: 52.6%<br>(2015) | Cities and Wards: 97.2%<br>Towns and Villages:<br>58.7%<br>(2018)                          |
| Proportion of local governments with established promotion plans based on the Act on Promotion of Women's Participation and Advancement in the Workplace | Prefectures: 100%<br>Cities and Wards: 100%<br>Towns and Villages: 70%<br>(2020) | _  | Prefectures: 100.0%<br>Cities and Wards: 75.1%<br>Towns and Villages:<br>29.1%<br>(2019.3) |

(Note 1) The method of calculation has changed since fiscal 2015 for national government employees and private-sector companies. Therefore, these numbers cannot be directly compared with numbers obtained in fiscal 2014 and earlier.

(Note 2) Proportion of male workers who have taken at least a half-day or one-day leave (annual paid leave, special leave related to spouse's giving birth, child care leave, etc.) within two months of their spouse's giving birth.

(Note 3) Total hours (average per week) of housework, caring or nursing, child care, and shopping performed by husbands in households of a couple with their child(ren) aged under 6.

(Note 4) "Firefighter" means uniformed and titled personnel assigned to firefighting headquarters or fire stations.

(Note 5) "Entrepreneur" means an individual who has changed or started job within past one year and who also is presently self -employed (excluding in-house work).

(Note 6) "Companies that have obtained the Next-Generation Accreditation Mark (Kurumin)" are certified companies for their support of child rearing, based on the Law for Measures to Support the Development of the Next Generation.

(Note 7) Survey conducted in 2014 included health disciplines, while surveys from 2015 and beyond were conducted as usual without inclusion of health disciplines.

(Note 8) "Healthy life expectancy" means period lived with no restrictions on everyday living activities.

(Note 9) Screening rates are calculated for people between 20 and 69 years of age (cervical cancer) and people between the 40 and 69 years of age (breast cancer). Screening rates for Kumamoto are excluded from the data in 2016. For screenings conducted in municipalities, the interval for receiving breast cancer and cervical cancer screenings is once every two years. For assessing the uptake rates as well, only the uptake rates from the last two years are listed in the "Updated Figures" column because using the numbers from the last two years is appropriate. The content listed in the "Target Figures (Deadline)" column is from when the Fourth Basic Plan was formulated, and based on the Second Term Basic Plan to Promote Cancer Control Programs (June 2012). Currently, the applicable figures are until FY2022 from the Third Term Basic Plan to Promote Cancer Control Programs (March 2018).

(Note 10) Numerical targets for suicide rate call for the number to be reduced by 30% or more by 2026 in comparison to 2015 based on *General Principles of Suicide Prevention* (Cabinet Decision, July 25, 2017).

(Note 11) Targets beyond 2019 are expected to be considered at the time numerical goals are revised for Healthy Parents and Children 21

(Note 12) Figures for elementary school fifth graders and middle school eighth graders.

Note 13) According to the Worry-free Childrearing Plan (June 2017), the situation will be resolved by the end of fiscal 2020 at the latest.

(Note 14) According to the *New Economic Policy Package* (December 2017), the response will be "pushed ahead of schedule to resolve the situation by the next fiscal year (FY2018)."

(Note 15) Volunteer Fire Corps are municipal ad-hoc fire service organizations. While having their own jobs, the Volunteer Fire Corps perform firefighting and disaster prevention activities to protect security in communities based on the loyalty slogan of "Protection of our communities by ourselves".

\*Denotes items that received necessary revision since the plan was finalized
