

# Somebody help me!

Trafficking in persons is a serious crime  
to be actually occurring in Japan.  
There is something you can do.

- “Trafficking in persons”, an exploitation of human beings through forced prostitution or labor, causes severe psychological and physical damage to the victims.
- Prostitution is a grave violation of human dignity and human rights and shall never be tolerated.
- Trafficking in persons and child prostitution, committed in Japan or abroad, are punishable crimes.

**Please report to the nearest Police Stations or Immigration Offices  
when you notice, or are asked to help by, victims of trafficking in persons.**
